I agree with Toni - the case management contract with GCHD will be based on actual elevated levels (e.g. Priority 1), and CM will do outreach to those kids. They will not be offering CM to children who don't have a test showing an elevated level (e.g. Priority 2 and 3).

However, if kids from Priority level 2 or 3 DO have an elevated level, that would bump them up into Priority 1.

I don't think case management column under priority level 2 is pertinent pending conversations tomorrow afternoon. Although anyone needing case management will be followed by GCHD
