Subject: 1pm call with GCHD about Flint - lists of children and contract reporting

Hi Bob and Martha, we have a 'status' call with Genesee Health Department staff at 1pm, and I believe that the lists of children Bob is sending them will come up related to our reporting sheet. I think it could be helpful to have Bob participate. Bob, is there any chance you could join the call with us? If yes, Karen and I can dial your phone to conference you in.
