Good morning - I'm sending an agenda for today's meeting about Medicaid Health Plans and lead, along with our updated CLPPP Case Management protocol, FYI. Also note that I have added Martha Stanbury and Wes Priem to this email list, as they weren't on the original invitation. Martha and Wes, not sure you can join on short notice, and I apologize that you didn't receive notice about this meeting earlier.

The conference call information is listed on the agenda as well as below. I will be sending the updated workplan later, just before the meeting. See you this afternoon!
