Subject: Molina Healthcare - Lead Testing Initiative

Hi Nancy,

I hope all is going well!

Thank you for your presentation at last week's Maternal Child Workgroup Meeting! Your passion for your work with the Lead Program is inspiring.

Molina is working diligently on our lead testing initiative. We have a blast fax going to our providers this week re-education them on the lead test recommendations for a test at 12 and 24 months and for children 3 -6 years if they have never been tested. We are also sending our members information regarding lead testing events we planning for Jan – Mar 2016. Four events have been confirmed so far. We are doing these in schools from 3:30 – 6:30PM in the evening so they are convenient for parents.

I'd like to follow-up with our conversation regarding the LeadCare II machines offered by Magellan Diagnostics. Were you able to speak with your contact or do you have the criteria a provider office needs to meet to receive the machine?

Thanks,

Dana
