Only this so far (see attached). It can be considered "final." A more complete annual report will be out one of these days.

Subject: Data Reports on Blood Lead Levels

Hi Bob,

I wanted to check in to see if there is any updated (2014) Data Reports on Blood Lead Levels. We use some of the information from these reports in our presentations, and I just wanted to make sure we had the most recent information that is available.

I appreciate any direction you can provide. Thanks!

Brianna Hampton
