Subject: updated Flint Retesting list
Attachments: Flint Retesting 102115.pdf

Nancy and Karen,

Please see attached. Any suggestions for changes? Column order? Sorting? General appearance? Different fields of information?

These lists do not display children whose next test is not currently due, or whose level has fallen below 5. But I'm keeping everyone on a Master List that I will update each week. (Nobody drops off the Master List.)

Bob
