No, I don't have an update, but I can do it. The 2009-2013 covers five years. Do you want the update to show 2010-2014, to keep the five-year thing?

Thank you Bob,

This is just what I was looking for! Do you happen to have an update of the map of kids tested in Flint area with elevated blood lead levels from 2009 to 2013? It is not something we need today. It is dated 7/23/2014

Thank you
