I would like to have a discussion this am. I have my staff meeting from 9am-11am. Stan is out of the office today. But I could ask Leslie to get him and Kristin Hanulcik on a call with us today to discuss.

I think we should discuss this in the morning before they prepare a response. Rashmi and I talked a bit about this today and there are a few things to consider.

Please make this a priority- I advised Nick that we would provide a summary of actions to date (tomorrow). Based on this letter, are there additional actions that we should initiate? Please draft a letter for Nick's signature.

I need to what we are going to do and respond with a formal letter under my signature ASAP, even tomorrow if we can craft a reasonable response that includes our actions.

 Formula - Flint**

Nick,

Please find the attached correspondence signed November 3, 2015 requesting your assistance in broadly communicating the availability of Ready to Feed formula and other supportive services to WIC participants and families in Flint in response to the high levels of lead in the water supply.

Please let me know if you have any questions.
