I think this looks good but are we missing an opportunity to shout out all the entities that have stepped up to help? GM, Home Depot, etc. etc.?

If Harvey has the full list, perhaps it could even be attached as an addendum. The point is that a lot of people did come together to address the problem, including the private sector and various volunteer organizations. I think it says something special about this state rallying to help one of its cities.

Rich

Subject: URGENT review please -- Draft Flint water release

Team,

Please review this draft press release for the Thursday announcement in Flint. This incorporates some suggested edits to the strong draft from DEQ earlier today.

Thank you very much.

Gov. Rick Snyder: Move back to Detroit water provides best protection for public health in Flint

State, Mott Foundation and city form partnership to fund switch

FLINT, Mich. – Flint families and children will be better protected by reconnecting with the Great Lakes Water Authority as the source of the city's drinking water, Gov. Rick Snyder said.

Snyder said Thursday that he will request the state Legislature to provide a portion of the \$12 million needed to reconnect with the authority, with the Flint city government providing \$2 million and the Charles Stewart Mott Foundation donating \$4 million.

The Michigan Department of Health and Human Services and the Department of Environmental Quality today also committed an additional \$3.5 million for water filters, free lead testing through the state laboratory for Flint water customers, and hiring additional staff to conduct health exposure monitoring for lead in drinking water.

Flint city leaders requested the state's help to fund the reconnection after a Wednesday meeting of Flint's Technical Advisory Committee. Flint's move to the
