

<http://w3.michigan.gov/flintwater>

There will be links to other resources on the new /flintwater site, so if you have relevant content on your sites (DEQ and/or MDARD), just let us know and we will be sure to include it.

Subject: RE: New web page

Hi everyone,

Regarding the Flint water website, it seems there might be two separate projects happening at once.

I just spoke with Karen (PIO at DEQ), and she said that Bob Andorfer and Eric Shaw are working on a flint water site.

Our team in the Gov's office asked John Estill and Michelle Stiffler to start on a site, too .

I'm not sure if you four have been working together, but we wanted to make sure moving forward that we are all on the same page.

Best,

Josh Paciorek

Josh,

Below is the in-progress shell, with a couple of stock images just for fill and the categories that were initially requested. I have created a 'Flint Water Admin' group and added you to it, so you should be all set with adding content when you're ready.

Just let us know what cosmetic changes you need, and if you would like any special components such as toggle and/or accordion for the FAQ, etc.

Hi Michelle and John,

Also, I know in the first email I wrote, "
The 'header' should be: "Understanding the Flint Drinking Water
Situation"

We'd like to change that to "Taking Action on Flint Water."

Thank you!

Josh,

if you could provide a site path, I can get started with the basic shell. Below is just a suggestion:

michigan.gov/flintwater
