Hi Steve,

Dave forwarded me your email. Here is our statement regarding the investigation. You can attribute to me.

"We will cooperate fully with any requests from the U.S. Attorney's Office as it looks into Flint's water challenges. Gov. Snyder has appointed an independent panel that is reviewing all state, local and federal actions related to the situation. We are committed to working with Mayor Karen Weaver and county leaders as we focus on protecting the health of Flint residents and all Michiganders."
