Both – clients should go to DHHS office, all others should go to local Community Action Agency location – though either can go to other locations and walk out door with filter by same form/policy to ensure “no wrong door” and make as easy as possible. But they are trying to direct folks accordingly. Outlined in 2nd graph – not clear enough?

I'm confused after reading the release. Does this deal just with filters for the clients, or for everyone?

Talked at length with Geralyn about this just now. Think is a good thing, and shows immediate follow up from action steps announced Friday. Added bonus is that it should be pretty easy for Flint clients and residents and have a “no wrong door” approach too just in case. Please see attached and below.

This is slated for distribution at 4 p.m. Need to hear if any concerns from anyone ASAP.

Otherwise, it's a go.

Thanks much,
SW

Subject: Release on Flint
Importance: High

Attached is the draft release we would like to issue ASAP regarding the new plan for water filter distribution in the city of Flint.

At a meeting with multiple community partners today, our local MDHHS office realized they could do distribution from the 2 Flint offices as long as the local community action agency could assist them in storing the larger quantities of filters.

Locally, the groups will be issuing a press release from the local health department discussing distribution, but we feel it is important to also send this from MDHHS.

We are happy to discuss this with Ron Fonger if you want him to be the first press call we make once we issue it.
