Heads up -- given all the good coverage we got from our Flint water event earlier this week, this seems like an attempt to throw us back under the bus and draw more controversy/publicity to the water issue. I would advise we stir very clear of this event or helping to orchestrate it.

Dave & Harvey: We are working with Veolia North America, the water consulting team Flint has hired to "assess the situation." We're planning to hold a media roundtable with city officials on Tuesday to introduce the Veolia team to local reporters. Gerry Ambrose suggested we invite some of the folks you invited to attend the newser earlier this week. Is that a list you can share with me or would it be better for the invite to come from you or the EM directly? I don't have a specific time yet but can provide that information for you when it is available. What do you think?

Kelly

PS I forgot to say thanks!!!!
