Hi Randy,

This should definitely come to me to answer rather than being answered at the local office. I'm CC'ing Brad Wurfel from DEQ Communications.

We can tell her how much SER funding is available, but I don't think we're the ones who could or should say how much it costs for water, how much it costs to turn the water back on and/or why people in Flint are without water.

Thanks,

Bob Wheaton

Angie Hendershot would like to interview someone from this office regarding what the State pays for SER towards water bills. Turn on fees and the like. ABC 12 is doing a story about the water issues in Flint and the piece their interested in now is about the cost of the water and how much it costs and why so many people are without water. Then what it costs to get the water back on.

Do you want us to refer her to you or talk to her locally. I would have to discuss this with Sandi Mose, because SER is in her area.
