I am checking back in for a one on one with the Gov this coming week.

Also who is on this task force and when do they meet?

"Gov. Snyder has assembled a third-party task force that includes respected experts in public health, water management and environmental protection for an unbiased review of all actions of the city, state and federal governments regarding water use and testing in Flint," Murray's statement said.

Hi there Jim --

Gov's schedule is really, really challenging over next couple of weeks for any 1:1s like this, and best we may be able to do is something at media avails at regularly scheduled events or quick pull aside from there.

But will see what can do.

Thanks for reaching out and more soon,
SW

In the next week or so, I'm requesting an on camera interview with the Governor on these topics:

Not Responsive

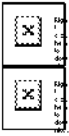

Flint Water

Let me know when you can.

We could do in metro Detroit, or come up to Lansing.

Thanks in advance,

Jim
