That is the \$64,000 question. DEQ is firm that KWA is better. Are they an honest broker? I have to admit the engineering firm Treasury hired (Tucker Young) didn't make their case. No one on our side (DEQ or Treasury) sided with DWSD. I was the lone hold out but I couldn't argue against the defense Flint put forward against the TY report.

So, if the last DWSD proposal saves so much money, why are we moving ahead with KWA? I take it that Flint doesn't trust them and is just fed up? Does Kurtz have his head on straight here?

Interesting threat here. They will seek to recover sunk costs through rates in last two years. My guess is this will be a wildly huge increase. We cannot ignore the threat. We need legal advice asap. This needs immediate attention.

Fred please work with the AG and Valerie.

Brom, please advise Kurtz.

Note threat to HP. The two were never connected but this is a nail in the decayed coffin of HP.
