Hi there Ron –

Sure – can do now.

We haven't been served yet so can't comment on specific details. What would say is that we're focused on moving forward and ensuring public health and clean, safe drinking water. The governor has outlined a detailed multiple step action plan for both immediate, mid and long term. He has also appointed a task force doing a very important job of reviewing all past actions. They are a bipartisan group of people of the highest integrity, experts in their fields and widely respected who are going to do a very thorough, objective review.

Just let me know if anything more needed at all.

Thanks and best,
SW

Sara:

Dave Murray said you would be handling any comment on the lawsuit filed in U.S. District Court Friday. Do you have an estimated time when you will be available or have a comment?
I'm putting the story together now.
Thanks,

Please see the attached. While the three of us had little involvement during this time, it is likely you will be placed on a litigation hold regarding Flint.

Attached please find a Notice of Intent to sue under the Safe Drinking Water Act for failure to control lead in drinking water in Flint, Michigan, and failure to assist Michigan schools with lead testing and remediation. We have also sent you the Notice and a CD of exhibits today by certified mail, return receipt requested.

Best regards,
