Subject: RE: Flint update

How come we find this out from the TV reporter? Don't they tell the RTAB anything?

Subject: Flint update

Wayne:

The local television station reported this morning that the Flint Finance Director informed the City Council last night that they project a deficit of \$14M in their Water and Sewer Fund at year end. I spoke to Natasha this morning and requested a copy of their budget report and a cash flow analysis to verify this information. I should have this information today.

Tom,

Below is the e-mail Dan received from EPA regarding the use of SRF to replace lead service lines. I talked with Sonya Butler and she reached out to Susan and Steve below to obtain the actual cite in the EPA guidelines. I will follow up tomorrow.

Subject: Use of SRF to replace lead service lines

Hi Dan –

Here's a quick answer to your question about using SRF to replace lead service lines. Under the federal SRF program, SRF funds can be used to replace lead service lines on both public and private property. (We don't know if Michigan rules allow for the use of SRF funding on private property, but presumably you know whether that's the case.) If you have additional questions, your staff can follow up with Steve Marquardt, Chief of the R5 Water Division State and Tribal Program Section. His number is 312-353-3214.

Please keep me posted on the time for the event later this week.

Thanks,

Susan
