Subject: FW: Flint Update

Attached is Dan W's handout from the meeting this afternoon with the Governor's office et al. At this juncture DEQ appears to be the lead (with DCH).

You will note this culminates with a press event this Friday in Flint where various listed 'next steps' will be announced.

For us/Treasury in terms of our more immediate 'homework' assignment...

We are checking whether distressed community \$s can be used to purchase home filters. And we trying to confirm whether the state revolving fund (drinking water side) legislation could be amended to permit replacement of lead piping say from the curb to the residence, etc [#9]. Dan implied it was already permissible under Fed guidelines/rules.

9.29.2015

T.S.

9/29

from Don W. Lambert

Flint Update 9/29

Issues:

- DWSD switch
- Emergency Declaration
- Edwards Issue
- Testing protocols

Flint Drinking Water Action Plan

1. **Governor Snyder names Dr. Eden Wells as Flint drinking water Public Health Advisor.**

Action to date: Dr. Wells has been brought in and is reviewing the Hurley Health information.

2. **All 13 Flint schools water will immediately be tested to ensure that drinking water is safe.**

incl Chertown + will do Percola

Action to date: Phone call with Superintendent and Facilities manager to identify schools. Phone call with Genesee County Public Health, DEQ and Flint schools afternoon of 9/29 to discuss testing protocols and timeline. DEQ has volunteered to pay for testing.

Checking with MDE on fund availability to replace lead lines if they are identified in the testing.

3. **Advisories will be disseminated recommending citizens flush your cold water pipes, use only water from the cold water tap for drinking, cooking and especially for making baby formula.**

Action to date: This step has already started to occur.

4. **Convene a safe drinking water "Technical Advisory Committee" to ensure best technology, practices and science is being utilized, including EPA's expertise and assistance from their Office of Research and Development.**

Action to date: Committee will meet October 7. EPA will have Tom Burke, who heads up EPA's Office of Research and Development, participate on the Committee.

Vo. Tech Prof will also present

possible change in protocol

5. **Implementation of fully optimized corrosion controls in the Flint drinking water system.**

Action to date: Technical Advisory Committee is meeting October 7 to recommend this. Flint will submit permit application to DEQ October 8. Corrosion control will begin by end of October.
